Notes | Fixture can rotate up to 360°

75Watt max G9 halogen
6" wide x 4" height, 13 3/8" overall height

JEK1 SO

Beveled glass linear halogen semi flush mounts and suspension pendants
Mounting | Ceiling mount only. Can be mounted on standard 4" octagonal junction box
Materials | Glass diffusers, metal frames and body
Finishes/Colors | Emerald green or extra clear glass, brushed steel body
Notes | Height can be field adjusted. Glass hangs in horizontal position

2x75Watt max G9 halogen □
6 "length x 8 5/8" wide 78 " overall height

JEK1 SV

Beveled glass linear halogen wall sconces and pendants
Mounting | Ceiling mount only. Can be mounted on standard 4" octagonal junction box
Materials | Glass diffusers, metal frames and body
Finishes/Colors | Emerald green or extra clear glass, brushed steel body
Notes | Height can be field adjusted. Glass hangs in vertical position

75Watt max G9 halogen □
6 1/2" wide x 4 1/2" height 78 1/2" overall height

JEK1P

Beveled glass linear halogen wall sconces and pendants

Mounting | Wall mount only. Can be mounted to 2"x4" junction box. Adapter plate for 4" octagonal junction box is available upon request. Can be mounted horizontally or vertically

Materials | Glass diffusers, metal frames and body

Finishes/Colors | Emerald green or extra clear glass, brushed steel body

Notes | Lamping for wall versions has changed to G9, halogens

75Watt max G9 halogen
6" wide x 2 3/8" height, 4 1/2" projection

JEK2 PL

Beveled glass linear halogen semi flush mounts and suspension pendants
Mounting | Ceiling mount only. Can be mounted on standard 4" octagonal junction box
Materials | Glass diffusers, metal frames and body
Finishes/Colors | Emerald green or extra clear glass, brushed steel body
Notes | Fixture can rotate up to 360°

2x75Watt max G9 halogen □
12" wide x 4 1/8" height , 13 3/8" overall height

JEK2 SO

Beveled glass linear halogen semi flush mounts and suspension pendants
Mounting | Ceiling mount only. Can be mounted on standard 4" octagonal junction box
Materials | Glass diffusers, metal frames and body
Finishes/Colors | Emerald green or extra clear glass, brushed steel body
Notes | Height can be field adjusted. Glass hangs in horizontal position

4x75Watt max G9 halogen□
 12_"length x 8 5/8"wide, 78_" overall height

JEK2 SV

Beveled glass linear halogen wall sconces and pendants
 Mounting | Ceiling mount only. Can be mounted on standard 4" octagonal junction box
 Materials | Glass diffusers, metal frames and body
 Finishes/Colors | Emerald green or extra clear glass, brushed steel body
 Notes | Height can be field adjusted. Glass hangs in vertical position

New
 Le Klint undercover

2x75Watt max G9 halogen □
 12" wide x 4 1/2" height, 78" overall height

JEK2P

Beveled glass linear halogen wall sconces and pendants

Mounting | Wall mount only. Can be mounted to 2"x4" junction box. Adapter plate for 4" octagonal junction box is available upon request. Can be mounted horizontally or vertically

Materials | Glass diffusers, metal frames and body
