NORMA120FL

The Norma wall lamps provide diffused light distribution through the glass, ideal in bathrooms, corridors and staircases
 Mounting | Wall mount only. Suitable for installation on normally inflammable surfaces. Equipped with adapter plate for mounting on 4" octagonal junction box. Can be mounted in horizontal or vertical position
 Materials | Diffuser in Pyrex glass, aluminum structure
 Finishes | Diffuser opal white, anodized and chromed structure
 Damp location (in horizontal position only)

2x24watt T5HO
 50"W x 1 1/2"H, 7" projection

NORMA120HAL

The Norma wall lamps provide diffused light distribution through the glass, ideal in bathrooms, corridors and staircases
 Mounting | Wall mount only. Suitable for installation on normally inflammable surfaces. Equipped with adapter plate for mounting on 4" octagonal junction box. Can be mounted in horizontal or vertical position
 Materials | Diffuser in Pyrex glass, aluminum structure
 Finishes | Diffuser opal white, anodized and chromed structure
 Damp location (in horizontal position only)

4x75watt RSC 3 1/8" □
 50"W x 1 1/2"H, 7" projection

NORMA25

The Norma wall lamps provide diffused light distribution through the glass, ideal in bathrooms, corridors and staircases
 Mounting | Wall mount only. Suitable for installation on normally inflammable surfaces. Equipped with adapter plate for mounting on 4" octagonal junction box. Can be mounted in horizontal or vertical position
 Materials | Diffuser in Pyrex glass, aluminum structure
 Finishes | Diffuser opal white, anodized and chromed structure
 Damp location (in horizontal position only)

250watt RSC 4 11/16" □
 9 1/2"W x 1 1/2"H, 5 1/2" projection

NORMA65FL

The Norma wall lamps provide diffused light distribution through the glass, ideal in bathrooms, corridors and staircases
 Mounting | Wall mount only. Suitable for installation on normally inflammable surfaces. Equipped with adapter plate for mounting on 4" octagonal junction box. Can be mounted in horizontal or vertical position
 Materials | Diffuser in Pyrex glass, aluminum structure
 Finishes | Diffuser opal white, anodized and chromed structure
 Damp location (in horizontal position only)
